MARSAR EXERCISE ● 17 - 18TH NOV 23 ● MIDWEST | GASCOYNE

The Midwest | Gascoyne MARSAR (Marine Search & Rescue) was held in Kalbarri for 2023, where volunteers arrived from Carnarvon, Geraldton, Shark Bay, Dongara & Leeman Marine Rescue groups, as well as WA Water Police with their impressive 70ft vessel 'The Cygnet 5'. The aim of the exercise over the weekend is to train and review regional capabilities to respond to a MARSAR incident as per state hazard plan "Persons lost or in distress requiring a Search & Rescue response".

## A FANTASTIC WEEKEND WITH LOTS OF TAKE HOME LEARNINGS

What a blast! We got to bond with some seriously awesome people from all walks of life: volunteers, government agencies, you name it! Even better, with perfect weather in Kalbarri for practicing some essential skills on the ocean.

Big shout out to the WA Police, Kalbarri Police, DFES staff, Simon Miller and the visiting Marine Rescue groups who made this all happen. But let's not forget the real stars of the show - the superhuman Kalbarri volunteers .... You guys rock! Thank you
